

Eligibility at a Glance

As a continuing student-athlete you should be aware of a few basic rules that the NCAA has set forth regarding your eligibility as a student-athlete. Below, in general terms, are set forth requirements that all student-athletes must meet as a NCAA Division II collegiate athlete in order to be eligible for competition. Note that these requirements are the minimum requirements as set forth by the NCAA. Brevard College expects and encourages all student-athletes to exceed these requirements.

Hour Requirements

In general as an undergraduate you must be enrolled in no fewer than 12 hours a semester. You must have passed at least 6 hours in the last regular academic term that you were enrolled full time.

Upon the completion of the academic year of full time enrollment you must have earned a total of 24 hours. You may also meet this eligibility requirement by earning an average of 12 hours per full time term of enrollment.

75% (18) of the 24 required hours must be earned in the regular academic term. No more than 25% (6) of the 24 required hours can be earned in summer school.

Degree Requirement

Once a student begins his or her fifth full time semester of collegiate enrollment the only hours that can count towards his or her eligibility requirements are those hours that are applicable towards his or her major.

You must officially declare a degree/major by the beginning of your third year of enrollment.

GPA Requirements

After 24 hours you must have a 2.0

After 48 hours you must have a 2.0

After 72 hours you must have a 2.0

After 96 hours you must have a 2.0

**At all times, you must be in good academic standing with Brevard College Academic Authorities.
